Name	ID
Omar Ihab Fared Abdo	202401437
Ahmed Hany Darwish	202400731
Abdullah Hossam	202402212

In addition to the main report, we have implemented both projects (ECG Denoising and Multi-Band Speech Equalizer) as interactive web-based applications for demonstration purposes.

All raw outputs, extra plots, audio recordings, and links to the two live web implementations are available in the Google Drive link below:
